

WHERE DOES ALL THE 'ŌPALA GO?

LEARNING LOG 1

NAME: _____ DATE _____

Thinking About 'Ōpala

1. What are the two items you chose from the class garbage dump?

2. What kinds of materials are your products made of (paper, plastic, metal, wood, etc.?)
3. List three interesting facts you learned after reading your technology card.
4. Would you choose the technology described on your technology card to reduce or dispose of the products you chose from the garbage dump? Why or why not?
5. Can you recommend an alternate way to reduce, eliminate or dispose of the items you chose?
6. How do the items you have chosen compare to one or two of the items from the Hawaiian materials on display? Write on the back of this sheet or on a separate paper for more room.
