**A DAY IN THE LIFE OF OLD HAWAI'I**

Imagine you live in old Hawai'i. Think of all the ways you rely on cordage for daily living. Answer the following questions.

Where in the *ahupua'a* would you live to be able to find materials for making cordage?

What would you do each day? Would you need cordage for any of your activities?

What materials, foods and supplies would you need to survive, and where would you get them?

What kind of trading would you do with other people and why would you trade?

Use your ideas to complete a pre-writing exercise. Then write a short essay that describes a typical day in the life of a Hawaiian in the *ahupua'a* system. Be sure to include information that you learned about cordage in old Hawai'i.
