

STREAM LŌKAHI

LEARNING LOG 2

NAME: _____

DATE: _____

Draw arrows on the stream picture to show the direction that energy moves as it flows from producers, to herbivores, to omnivores and carnivores, and to decomposers.

- ➔ Use color pencils or watercolor paints to color this picture. Then use your new vocabulary words to write a story about what is happening in this stream. In your story, describe how energy flows among the plants and animals.
- ➔ On the back of this page, draw a picture to show how plants and animals in a stream exchange carbon dioxide and oxygen.
